

FOR SECOND GRADERS

COLORING SANTA AND HIS CHILDREN

Again ask Mother or Teacher to read this to you and help you.

Of course you will want to color your picture of Santa and his children.

But first draw a background for the picture or for two pictures. In one have two toys; in the other a toy-shop.

Color the toys yellow. Color Santa's clothes red. Color the top of his cap red, too. Make black or brown spots or stripes on the clothes of three of the children. Color the Christmas tree green, and the shelves of the toy-shop blue.
