PNR Gen. Manager Jimenez gives warning to people living near RR lines.

General Manager Niconor T. Jimenez of the Philippine National Railways today warned people living within the vicinity of the PNR main tracks to exercise carefulness and alertness as the company increases the frequencies of train trips due to the recent arrival of new rolling stocks.

In his warning, Jimenez singled out those living in the barrios at the southern tip of Quezon and Camarines Sur provinces to stop using improvised rail skates, railbikes and other crude railcrafts on the PNR main lines.

Jimenez' action came in the wake of reports that accidents occurred in the last mostly due to barrio folk's recklessness in riding on these "rolling coffins". He bewailed the fact that people living along the PNR main lines could and in most cases approximate the arrivals of train which predis them to use the rails with impunity.

Every time there is an increase of train trips or a mere change of schedule of runs, accidents are most likely to happen, Jimenez observed.

The PNR head issued a stern directive to all track personnel to see to the railroad tracks of any improvised transport crafts. He also ordered the PNR police department to apprehend railskate operators and to confiscate railskates, railbikes and other gadgets that are used on the railroad tracks.

FM Honors Newly Elected National, Provincial, City Officials

Newly elected national, provincial and city officials were honored at a dinner in Malacañang last Tuesday by President Marcos and the First Lady, Mrs. Imelda R. Marcos.

All newly elected senators, congressmen, governors and other provincial and city officials have been extended invitations to the affair.

The incumbent members of the Senate and House of Representatives and members of the Cabinet have also been invited to the affairs, which enabled the President and the First Lady and other ranking officials of the government to greet the newly-elected officials.

The President and the First Lady decided to invite all the newly-elected national, provincial and city officials to Malacañang in view of their inability to journey to all the provinces and cities to attend the inaugurations of the incoming administrators.
