

FOR THIRD GRADERS**I LIKE THE RAIN**

RAINY days are pleasant days:
They bring relief from heat;
Rain cools the thirsty town,
And washes clean the street.

Rainy days are happy days,
For then we have to use
Our raincoats and umbrellas
And rainy weather shoes.

Rainy days are welcome days,
For then we surely know
The seeds sown in our garden
beds
Into plants will grow.

WHAT IS THE WORK OF EACH?

Choose the correct group of words from the list below, and write each on the proper line.
