## Explanation of the Negative Vote of Rep. Felipe on the National Budget Fiscal Year 1970 - 1971

(APRIL 15, 1970 - 7:00 P.M.)

REP. FELIPE, JR.

THE PRESIDING OFFICER  
(MR. SAN JUAN). Gentlemen  
from Camarines Sur.

MR. FELIPE: Mr. Speaker,  
may I explain my vote.

THE PRESIDING OFFICER

(Mr. San Juan). The gentlemen  
has three minutes.

MR. FELIPE. Thank you,  
Mr. Speaker.

In his Bataan Day message  
last April 9th, our warrior-President  
stated that our people are  
clamoring for "drastic" changes  
in government and in the private  
sector, and he assured us that  
the government is ready to make  
the necessary "drastic" changes.  
In his budget message to us, he  
also stated, as one of the guide-  
lines in the preparation of the  
budget, to enact a budget with  
fiscal restraint. "I was very  
happy, Mr. Speaker, upon learn-  
ing this because I know that  
people are becoming restless and  
our students have grown very  
vocal against the extravagance and  
the graft and corruption in our  
government. But I was very  
much disillusioned, Mr. Speaker,  
when we passed a budget on

guides by the BTI.

The following are the qualifi-  
cations:

- male or female, 18 to 25  
years of age;
- a college graduate or at  
least a second year college;
- good personality;
- command of English and  
other languages.

Application forms can now be  
obtained from the Research and  
Statistics Office, City Hall. The  
deadline for the submission of  
application forms will be April  
30th. The applicants will be  
interviewed and screened by a  
panel of top personnel from the  
BTI Manila Office on May 17  
and 18 at the City Mayor's  
Office. There will be a seminar  
fee of P30 for each participant.

Tour guiding graduates will  
have the opportunity of meeting  
different people and learn a lot  
of them. They will undergo a  
thorough instruction on the tech-  
niques of tour guiding, back-  
ground on Philippine culture  
and history, detailed descriptions  
of tourist spots and other relevant  
subjects.

The site of the seminar will  
be the air-conditioned CPA Re-  
view Room of the University of  
Nueva Caceres. Other information  
and details of the tour guiding  
seminar can be obtained from  
the Research & Statistics Office,

## PNR Southern Terminal for Passengers: Ligao; for Freight: Naga; Temporarily

The Philippine National Rail-  
ways announced yesterday that  
its southern terminal for passen-  
ger trains will be temporarily  
transferred to Ligao, Albay and  
its freight terminal to Naga  
effective Monday, April 27, 1970.  
General Manager Nicanor T.  
Jimenez said that this move has  
become necessary because of its  
dwindling motive power which  
has come down to only 15 heavy  
locomotives.

Jimenez said that at present  
there is one locomotive in Legas-  
pi which does nothing but to  
push all trains coming from it  
and on account of the steep grade  
between the present Legas-  
pi and Camalig terminal. He

## Editorial:

### Our Naturalization Law is Bad

One of the imperative measures which calls for immediate action by the present Congress is the amendment of our Naturalization Law. As all will remember, this law has been the subject of hot controversies in many past election campaigns. The case of Manuel Leelin who ran for Congressman for the second district of Camarines Sur in the last election was one of them that was hotly debated by the two major political parties.

Even our known legal luminaries have been contradicting each other in their opinions on this controversial matter regarding acquired rights and privileges of a naturalized citizen.

In order to save our people from the troubles that emanate from what is purely a christian generosity of granting foreigners citizenship in our country, I am suggesting the following conditions and inhibitions which should be incorporated into a new law that we are recommending for congressional approval as soon as possible.

#### Conditions for Admission to Philippine Citizenship

1. He should be at least a graduate of the secondary course in our public high schools which means to say that his education should be obtained exclusively from our public schools.
2. He should be married to a Philippine citizen.
3. Of good moral character.
4. He should have an income of not less than P6,000 a year.
5. He should have no record of conviction in any court for any crime committed.

#### Inhibitions

1. He should not be allowed to run for any elective public office.
2. He is not to be given an employment in our Department of Foreign Affairs.
3. He should be allowed to purchase residential lots not exceeding the total of 1,000 square meters.
4. He should not be allowed to own more than 24 hectares of agricultural lands.

#### Grounds for Annulment

1. Conviction for the crime of concubinage.
2. Evasion of payment of taxes.
3. Conviction for the crime of smuggling.
4. Conviction for crimes under capital punishment.

It is to be regretted that up to this time, after many long years of suffering bitter consequences from financial exploitation by those we have granted the right and privilege to be citizens of our country, our Congress has not done anything to correct this evil either perhaps because they have been continuously bribed or they simply have been dispossessed by nature of the spirit of love of country above anything else.

To continue overlooking this critical ma-

## As I see it

by R. M. Dumaguin

From an unknown peninsula of Bataan, it became twenty eight years ago one of the most exalted symbols of democracy and freedom. It was not so much the magnitude of the battle which took place there that made Bataan so. Rather, it was the spirit of freedom that kept alive the defenders' will to fight despite numerical odds, hunger, and hopelessness. Thus defeat, became victory; shame became glory.

Twenty eight years has not dimmed our memory for those who fought, suffered, and died in this hallowed peninsula. Time cannot touch their heroic deeds, for they have become timeless. To the Defenders of Bataan and Corregidor we can only say: You sacrifices a re be in vain.

Two weeks ago, on April 9, 1970, we commemorated the very memorable day. A day, which must at all times be very dear and very close to our hearts. Twenty eight years ago Bataan capitulated. The cream of our youth fought and died there so that DEMOCRACY and FREEDOM in our country will live; so that peace and liberty can be enjoyed. But the odds were great, so Bataan fell. A chapter of our history was closed and another was begun.

The atmosphere brought about by the heroic deeds of our youth twenty eight years ago, is still so good. Liberty, freedom, and the pursuit of making millions of money are being enjoyed. Alien businessmen are in our midst making the best of the situation. The millions because they enjoy the blessings of freedom, liberty, and democracy, not to say the least, security; because they are guaranteed in their business ventures; because they are cashing in millions. Thanks to the sacrifices of our youth who gave their lives in the battlefields of Bataan and Corregidor.

Twenty eight years, however, did not teach so many to be grateful. Businessmen, aliens or otherwise, upon mention of the FALL OF BATAAN and CORREGIDOR they just do not give a hoot about the matter. To ask them to cooperate in a way so that we may remember the day in a way fitting only to BATAAN and CORREGIDOR, the first reaction that these beneficiaries of the sacrifices of our youth is "SORRY", next time. These are the beneficiaries that should be shot, hanged, and demonstrated upon and whose millions should be confiscated.

May the passing of the twenty eight years after the historic event, however, brings maturity and change of attitude to our seemingly friendly business visitors. May it bring them a certain degree of cooperation, especially to the Community Newspapers, if only to show that they are a lot of grateful beneficiaries...

A Manila magazine columnist said that there now came the fourth kind of rich... the recent rich. These are the counter rich, he said. They are backed by up the peso, the (Continued on page 5)

## Cong. Ramon H. Felipe chides Gene Balfermoso's column "From the Hilltop"

April 11, 1970

The Editor  
The Bicol Star  
Naga City

Dear Sir:

I was somewhat amused by the following item in Mr. Gene E. Balfermoso's column entitled "From the Hilltop" in your issue of April 4, 1970:—

"Cam. Sur Partition—This gobbledygook in partition can be termed 'Filipenization'. In other words, it is more of a 'political dilettantism'. The Sorsogonos reported instantly demonstrated against partition. This is a good sign of vigilance.

"We believe over exercise of 'political dilettantism' on the part of our politicians made this country what it is: economically incapable, a country of vested interests where 90% of the nation's wealth are in the hands of a privileged few. In which case the rich grows richer and the poor becomes poorer.

"Once in a while the citizenry should forge and cross party lines to put up a solid front against the desultory tactics of politicians who would always think in terms of staying in power," advocating parapatriotic partition for progress but actually would turn out partition for political aggrandizement, political tie-up and control."

Apparently, in spite of his fondness for high-sounding words, such as "gobbledygook", "Filipenization", "political dilettantism", "parapatriotic", "political aggrandizement", Mr. Balfermoso cannot read simple English or Bicol!

In my letter to you, Mr. Editor, dated March 17, 1970, which was published in the Bicol Star and other local papers, I made it clear that Rep. Fuentebella and myself had not yet filed any bill in Congress for the division of Camarines Sur; that we just wanted to provoke open and healthy discussion of the idea to find out the consensus of public opinion.

The division of Sorsogon and the creation of the Municipality of Larap, Camarines Norte are entirely different from the case of Camarines Sur, because in the former the bills were presented by their sponsors, Rep. Rafael Aquino and Rep. Fernando Pajarrillo without even consulting their constituents on the matter.

I am, therefore, to say the least, why Mr. Balfermoso should indulge in insulting and uncharitable "Reflections after Easter". I always thought that Easter was a time for charity and joy. But it seems that Mr. Balfermoso practices a different brand of Christianity from ours.

Frankly, I cannot see anything wrong in "floating" an idea to find out the reaction of the public. On the contrary, I believe that Rep. Fuentebella and myself are only being truly democratic in consulting our constituents before taking any positive action on the

REP. R. FELIPE, JR.

idea. Why then should Mr. Balfermoso abuse and insult us? If he is opposed to the idea of partition, he could have just stated his reasons against, without descending to personalities. But, apparently, from his "HILLTOP" perch, Mr. Balfermoso now thinks that he is one of the gods on Mt. Olympus, and any mortal who disagrees with his personal views should be condemned to Hades.

Nevertheless, in spite of some columnists like Mr. Balfermoso, I have always been for freedom of the press. But at the same time, I believe that congressmen and other government officials have a similar freedom to consult their constituents on important public issues without being accused maliciously of ulterior motives. If I had any ulterior motive, I could have just filed the bill in Congress without consulting anyone.

Thank you.

Yours in Christian charity,

RAMON FELIPE, JR.  
Congressman

### Buhi Hosted ANF Annual Confab

Buhi, C.S.—This tourist town hosted the 17th General Annual Convention of Adoracion Nocturna Filipina (ANF) Saturday April 11 with local Turnos Nos. 392 and 394 as participating hosts. Brother Guillermo Alteza also incumbent member of the Buhi Municipal Council was most instrumental in having the affair something to remember.

Some 300 delegates from all over the province of Cam Sur delighted in seeing the tourist town of Buhi. The faithfuls were served during the luncheon by whitely-uniformed St. Bridget's students on the spacious halls of the St. Bridget's School SBS girl serendades kept the occasion lively and while the luncheon lasts the delegates were admirably outspoken on the fishes - Buhi's smallest fish.

Rev. Fr. Lorenzo Ma. Guerrero, S. J. ANF National Director, guest of the convention made the gist the Adoracion Nocturna Filipina counts with 45,000 members in the Philippines and 1,200 active turnos have been registered actively with the organization. Fr. Guerrero further elaborated that the spirit of the Adoracion Nocturna in the service to Christ never changes even in the midst of the country's political and economic upheavals.

# Albay Studes hold demonstration rally or teach-in

LEGAZPI CITY - A rally demonstration or teach-in for the non-intervention of private initiatives with vested interests in the coming constitutional convention and other local issues was held recently at the Peña-randa Park of Legazpi City.

Among the listed speakers in the program were Rafael A. Banzuela, Jr., Secretary-General of Bikol Union of Students (BUS) and the following: Noling C. Cabredo, Henry Lunas, Conrado Bootan, Jr., Alberto Reababit, Roger Azupard, Reynaldo Princesa, Antonio Sajuela, Orland Naaga, Oscar Apuli, Eligio Barzaaga and others.

Domingo Rodriguez, president of the BUS read the manifesto and clarified the stand of the BUS in the issues deliberated upon.

The "Manifesto" reads as follows:

We, the members of the Bikol Union of Students, publicly manifest our aspiration for a peaceful and real democratic society and thereby make known our appeal and stand in the issues that greatly affect the destiny and posterity of our country;

1. We appeal for and support the non-partisan election of delegates to the coming Constitutional Convention;

2. We appeal that we, the youth of today that comprise the majority of the present population of the Philippines, be given a greater share of responsibilities in the amending of the fundamental law of the land to suit the needs and sentiments of the Filipino people, unstained with

any external and/or internal pressures, by lowering the age requirement of delegates to the coming Constitutional Convention from 25 years of age to 21 and the voting age from 21 to 18 years of age;

3. We solemnly believe in the interest of all to be united against any intervention or meddling of entities and persons with vested interests in the election of the delegates and the subsequent deliberations of the youth to the coming Constitutional Convention.

4. We wish to express our sympathy to the students who have shown courage and perseverance for the sake of changes and reforms that would all be a benefit to every Filipino regardless of political affiliation, social status and religious beliefs by denouncing the brutalities of and obstacles posed by some government agencies against the students who clamor for reforms, that is the strict observance of the application of the democratic way of life; and

5. We demand for the immediate abrogation of the military bases agreement and other treaties that place the Philippines in a disadvantageous position, e.g. Military Assistance Pact, JUSMAG, Mutual Defense Pact, Laurel-Langley Agreement and the Quirino-Foster Agreement.

The students also issued the following: "An Appeal to the Youth":

The recent upheavals brought about by the militant activism of the youth, which jolted society, have completely changed the course of our history. The docile youth of yesterdays, who ac-

cepted the dictates of their elders is now a thing of the past. Indeed in our hands lie a tremendous reservoir of power which could either build or destroy, make or unmake society.

"Certainly, we must choose to build rather than destroy. We must tear down dead or decaying structures of society but in destroying we must build a new and better structure.

We earnestly APPEAL to you, the YOUTH OF THE PROVINCE OF ALBAY:

"To take utmost care in the selection of your leaders. Choose the men who will not sell your power to anyone. For the direction of student power will depend on the quality of leaders which you have.

"We ask you to guard against abusing your power. Use it NOT for selfish interests, personal aggrandizement or ulterior motives, but use it to help achieve the common good and in the country's march towards progress.

"Do not allow demagogues to harness your power in order to create disorder and confusion. Never permit anyone to use you to further their political ambitions or promote their own selfish interests. BE ALWAYS ON GUARD AGAINST PERSONS WHO MAY USE YOU TO DESTROY THE CHARACTER OF ANOTHER PERSON.

"Never use your power to cause damage or destruction of property. Remember that liberty is a license. Liberty is never the freedom to do wrong.

"Before you demonstrate for the purpose of denouncing a person or an event, ascertain the facts first and strive to have a dialogue with that person and hear his side and exhaust all avenues first to effect a peace solution to your problems before resorting to the "parliament of the streets". There is no room for fanfanning and character assassination in our movement.

Indeed, our enthusiasm and eagerness to effect a change in our society, must always be tempered with REASON, SOBRIETY, MODERATION, SENSE OF FAIRNESS AND JUSTICE and CHRISTIAN CHARITY. Then and only then the YOUTH shall really serve as the driving force in the awakening and the renovating of the structures of society.

# Filipino Breed improvement should be included in Family Planning

Family planning should not only be geared on the control of population growth. Science have already provided a means that even sterility would no longer be a problem to the husband and wife, if only to attain their dreams and desires—the fulfillment of marriage. Dr. Nilo Roa, a local family planning expert, hinted that artificial insemination is very much applicable to humans as it is to animals. Like our native livestock, I would like to think that we could likewise improve Filipino breeds by the use of the same scientific means. For the human seed-stock we can choose from either the Australians - for size, Japanese - for industry; or even from the Chinese for patience and frugality.

Speaking of the Australians, the 3rd Secretary of the Australian Embassy in Manila Patrick J. Carroll, was here on a socio-economic tour of the region. He and his charming wife made a courtesy call in the office of the Governor and had a brief informal chat with our provincial executive. The golden haired micro-minied Mrs. Carroll attracted every male animal in the Capitol including the young Governor's aids named Andres Diez, who tactfully took advantage of the most strategic position facing the maximum of the mini-covered Australian female anatomy as she comfortably rests on one of the seats at the Governor's office.

The Provincial government led by Gov. Armando B. Cledera scored a real "pakikidamay" when a medical "task force" under the auspices of Operations Pakikidamay, Inc. invaded the coastal barrios of Pasacao and Limbanon along the Ragay Gulf. Some 700 medical and dental patients were treated or examined in a 3-day operation covering the barrios of Dalupaan and Tinalmod of Pasacao, and Bahao of Limbanon. The medical task force under the direct supervision of Dr. Fernando Avelino, the new provincial health officer, was composed of 3 Physicians, 2 Dentists, 3 Nurses, 1 midwife, and 1 Sanitary Inspector. The municipal rural health team of Pasacao led by Mayor Karingal and Dr. Alejandro Miciano collaborated and assisted in the pakikidamay.

More and more believers of physical fitness (who believe in family planning) have rediscovered that wonderful feeling of viewing the Sun rise by the shoulder of Mt. Isarog while they perform physical exercises at the CSHS athletic ground. These people who are all over 35 years of age, call themselves "Aerobics", whatever that means.

With 12 commercial Banks now operating in this city, my barber has every reason to be confused as to where to bank his little savings. I of course advised him to select the bank that will invest his savings here and not the bank that will merely hoard our money in favor of some borrowers outside of this region. I understand only the government owned or controlled banks (DBP, PNB, PVB) hereabouts are actually investing in our local agro-industrial development projects. Again, family planners should not forget the fiscal management of the family.

# Governor Estevez Plans to Construct Cultural Center in Legazpi City

LEGAZPI CITY - The plan of Governor Jose S. Estevez of Albay to establish a center for the advancement of cultural awareness side by side with his socio-economic program of the province is now fast shaping up.

A sizable amount to be drawn from the proceeds of the Karangahan '69 Fair and National Funds will be earmarked in the construction of a Provincial Cultural Center here soon.

The two-storey edifice will harbor the latest findings in our historical and cultural aspect in the Bicol area.

The Governor disclosed that the cultural development program has for its aims the following:

- 1) To save what may yet be retrieved of the region's past from oral traditions and from the few remaining records that are deteriorating or getting lost due to neglect and indifference.
- 2) To arouse pride in things Bicol . . . of being a Bicol.
- 3) To seek the personal involvement of every citizen of the province towards a re-awakening of the re-discovery of the province's and region's rich cultural heritage, natural beauty, and vast

potentials for greatness, economically and culturally.

The first of its kind, this boost for culture is in keeping with Governor Estevez' life-long obsession of not just upgrading Albay's material prosperity but together with it the more subtle satisfaction and civilizing exposure to the people's best in social refinements and artistic accomplishments.

"This will fill the void created by the swift pace today for material advancement and strike a healthy balance in the people's sense of values, especially among the youth", the Governor stressed.

Unlike previous projects of similar nature, this cultural development program will not be a fossilized gesture intended only for the learned few but a living, vital force that will personally involve the people of Albay by way of cultural and historical committees that will function along provincial and town levels.

Meanwhile, Prof. Merito B. Espinas, until recently the Assistant Dean for Research of the Graduate School of Aquinas University, has been tapped by Governor Estevez to assist in the research aspect of the program.

Executive Board of the Bikol Union of Students follows: Domingo Rodriguez, president; Jose Marabe, 1st Vice President; Erlinda Palmicno, Secretary to the Board; Narciso Monas, treasurer; Fernando Balane, auditor; Provincial Chairmen: Emma Limay, Albay; Ireneo Monte, Camarines Sur; Fernando Balane, Camarines Norte (Acting); Rafael A. Banzuela, Jr., Secretary-General.; Vic R. Argayoso.

**Employment Dilemma**

WHITHER YOU BOUND - QUO VADIS? — This near's crop of graduates predominate the portals of the college campuses, exceedingly a gargantuan figure of a half million strong that should catch in time the attention of well-meaning citizens and leaders of this country, who are in an enviable position to exploit all plausible means and avenues appurtenant to stave off the so-called 'brain drain dilemma'.

It is conceded that the Philippines the small nation is ranked a close second to the United States in point of scholastic turnover - to eclipse even the Soviet Union and other western countries of high standards like Great Britain, France, Italy or Germany. This explains why at this size the 'exodus of brain power' is on the run rather to the United States or to Canada. Despite the fact that our per capita income is rated one of the lowest in Asia yet it is surprisingly great the thirst for higher education in this country has given added impetus to produce more and more graduates of the college level.

But while it is most encouraging to portray a behemoth intellectual elite passing thru our universities - it could be equally alarming that such an army of vast labor potential could not be harnessed for lack of adequate financing system. Such a prospect could indeed be viewed with serious consequences inviting the specter of discontent uncontrollable to the common denominator of tumult and dissent in our growing society.

**Anachronism**

Much has been said of the technological gap prevailing in an atmosphere tensed with the prospect of a gloomy future for continued job displacements. While we take pride to present fanciful figure of an aggregately strong labor potential, it is conceivably the number one problem perpetuating the anachronistic tendency of harboring an intellectual elite doing nothing positive.

This saddening experience in a country that possesses all the earmarks of natural wealth and resources for survival should demand a thorough restructuring of an educational system basically colonial. While attempts at legislation to improve an abrupt change to the educational panorama - the means and vehicle to implement the desired change is predominantly sluggish if not dilatory.

The present educational upbringing has led to breed the teeming millions of white-collared population about to swing to the left due to discontent and it is about to detonate. The jet-age has caught us flat-footed with a national discipline harassed with ponderable 'isms' and ideologies slumbering on the take-off state of an agro-industrial economy.

It is about time the present leadership from the private sector up to the government level do something and take stock of the saddening predicament creating a wide cleavage in the employment dilemma.

**Masyadong Pakikisama**

Today's teenager who are prone to seek more freedom of leisure hours entertaining their friends

stolen peso, of course. These are the guilty rich.

The honest rich can not be guilty of any crime just because they are rich. They can not have that sense of guilt unless their richness is stolen. The dishonest rich cannot have the capability of accepting any sense of guilt at all because if he can, then he would not steal. But then how many among the rich have the real sense of honesty? To them, money first, the rest follow after.

The preoccupation of our lawmakers to-day is to raise or not to raise the minimum wage. I hope they will not forget the plight of the plain Citizens that do not receive wage at all. They far outnumber the wage earners. They too, have the right to be protected. They are also paying their taxes and they are the producers of wealth, not just consumer of wealth.

As I see it, maybe the solution to the present high cost of living that agitated the wage earners to demand higher pay, is for us to produce . . . produce . . . and produce, not just ask and ask.

After all no amount of legislation can change or alter the effect of the LAW OF SUPPLY AND DEMAND. If we produce food-stuffs we increase the supply and thus reduce the price. Let us start home gardening. Require every school child and even teacher to plant any thing in their back yard or in any vacant lots. When everybody starts harvesting who will buy? Who will pay high price?

Another thing that we must consider is the money supply in circulation. That has a very direct bearing to the high cost of things in the market. If one has only one coin in his pocket how can he pay for anything that is priced very high? The trouble is, people who can afford to pay are the ones who are complaining the most. Reduce your wants . . . and you will find out that you can adjust with the present situation. Do not force employers to close shop because when that happens, we will have widespread unemployment and the aftermath will be CALAMITY.

Let us not forget that there are so many of the now operating business firms who barely break even. They are still in operation hoping to improve later. And if we force them to meet the increase wage they will be forced to close shop and there will be more problems in our hands. So let's bear with the present situation for the time being until things get better. . . Do not kill the hen that is laying the golden eggs.

There are only few days more left before the opening of the State Lions Convention here in the City with the Mayor of our City as the man on the spot. **Rep. F. A. Fuentebella urges early Completion of Quirino Highway, Improvement of S. Manila - Road**

Thursday (April 16).

REP. FUENTEBELLA

Rep. Felix A. Fuentebella (N-2nd district, Cam. Sur) basted for the early completion of the Quirino Highway and for the improvement of the Manila-South (through Camarines Norte) road to give better transportation facilities to Bicolanos to supplement the services of the Philippine National Railways during the Bicol Bloc meeting last

show and give what the Conventionists expect.

In this score, we can help a lot if we start harping now on the cleanliness of the City and public eating places. The Police can do so much to tell our more staid Characters to LAY LOW while our visitors are in the City. There are so many more that we can do to help. What we should do is to help in any way we can. Let us start in the market.

There is a strong force after that is bent on going after the scalp of Dr. Domingo Abella, Chief of the Historical Div. of the National Library. The supposed lost valuable documents from the National archives were carted away for good. If we are to evaluate the pros and cons of the matter, I'D say that the good Doctor have all the reason to be careful about all the papers in his care, especially if they are of historical importance.

Did not Doctor Abella spent money time and efforts abroad to research for historical purposes and gave all what he got to the Museum to enrich our historical records? How many of the rich Filipinos can do this? What we should do is to really pinpoint who is responsible for the neglect of records. We will be helping the Library more before the same attitude. We will be avoiding also the possibility of ruining the good name of the Director. The mass media is partly to be blamed for the much unsavory publicity lately but the same can still be remedied by the

The second district legislator said that in as much as the proposal to separate the management of the PNR Southern Line from the Northern Line has not yet been realized as proposed by Assistant Rep. Emilio Espinosa, Jr., it is most logical to finish immediately the mentioned projects in an appeal to Secretary Manuel B. Syguio of the Dept. of Public Works and Communications.

The financing, Fuentebella pointed out, will be taken from the discretionary fund of the Secretary of Public Works and Communications. Sec. Syguio and PNR Gen. Manager Nicanor T. Jimenez were the Bicol Bloc guests during the meeting.

Fuentebella explained that the PNR Southern Line is self-liquidating and its income can support the improvement and maintenance of its own route efficiently. Camarines Norte Rep. Fernando Pajarillo suggested that in case the management is given to the private sector, the Bicol Development Company (BIDECO) will be the logical enterprise to handle the PNR Southern Line.

Fuentebella also asked for the putting up of a Philippine Veterans Bank branch in Iriga City which City Mayor Jose C. Villanueva immediately offered the site. Catanduanes Gov. Vicente Abardo, who is concurrently a member of the board of directors of the PVB, assured the Camarines Sur solon to help in realizing his (Fuentebella) pet project.

The Bicol Bloc meeting was attended by Sen. Dominador R. Aytona; Rep. Felix A. Fuentebella, Jose Alberto, Carlos Imboden, Roberto Saldan, Amando Cope, Fernando Pajarillo, Emilio Espinosa, Jr., Rafael Aquino and Salvador Encinas; Catanduanes Gov. Vicente Abardo, Albay Gov. Jose Estevez, Masbate Gov. Moises Espinosa; Legazpi City Mayor Gregorio Imperial, Iriga City Mayor Jose C. Villanueva and Naga City Mayor Vicente P. Sibulo. —J.T.T., Jr.

**Rep. Fuentebella guest speaker of Impig Barrio High School**

SIPOCOT, Cam. Sur—Rep. Felix Fuentebella (N-2nd district, Cam. Sur) will be the guest of honor and commencement speaker during the first commencement exercises of the Impig Barrio High School, here, on Sunday, April 26. This is according to Florentino V. Avengoza, Impig Barrio High School PTA President.

At the same time Congressman Fuentebella and Mayor Jaime G. Avergoza will be awarded a "certificate of appreciation" by the PTA recognition of their valuable contribution to the welfare of the people of this municipality and their unselfish devotion to public service.

The PTA president said, that the second district solon and Mayor Avengoza have contributed

much in the allocation and release of various funds for the construction of different roads and bridges and especially the pre-fabricated schoolhouses (Marcos and Army types) in this town.

He explained that Fuentebella, and the Sipocot Mayor, the members of the municipal council, PTA and school officials of Sipocot worked hard hand in hand for the approval of the continuation of the operation of the Impig Barrio High School which started operating during the school year 1968-1969 despite the opposition of a private high school owner in this municipality.

Meanwhile, the officers of the Impig Barrio High School PTA requested Cong. Fuentebella to allocate P15,000 for the construction of additional buildings, seats and equipment and another P10,000 for the improvement of the school grounds of the barrio high school. The other PTA officers are Prudencio Palivino, vice president; Vicenta Flores, secretary and the board of directors.

Jimenez assured PNR patrons that a more effective and lasting solution is presently being undertaken as plans for a complete rehabilitation and selective modernization of PNR facilities have already been approved by President Ferdinand E. Marcos. He, however emphasized that unless the PNR is given a more substantial financial assistance soon it will surely stop operations.

It is high time, he said, that the railroad be given a bigger share in this year's reparations allocation for after all the company was almost totally destroyed during the war and up to now has not really been rehabilitated from the destruction it suffered.

judicious reporting. It would be a pity if disgruntled elements were allowed to assassinate the character of a dedicated public servant.

The picketing of the local G. S. I. S. building by school teachers and other government employees who are members of the system was avoided because President Marcos gave way partly to the demands of the employees.

(To be continued)

Explanation of the . . .

second reading which is very far from being a budget of fiscal restraint.

In the first place, the budget that was presented to us by the President was in the total amount of P3.8 billion, which is P500 million bigger than the budget for the present fiscal year 1970. It is true that we trimmed this proposed budget of the President to P3.5 billion, which is still P200 million bigger than the budget for this fiscal year 1970. And this P3.5 billion that we are approving tonight, Mr. Speaker, is only for the programmed items. We do not know how much the unprogrammed items will total. According to the estimate in the budget message, it will be about P17 billion.

I will cite a specific instance, Mr. Speaker, to illustrate my point that our budget is not a budget fiscal restraint. The appropriation for the Public Information Office, which is popularly known as the "Malascaning Press Office" or the Malascaning propaganda machine is P9,429,530. In this recent fiscal year 1970, under RA 6050, the budget for the same Office is only P5,761,842. In other words, we have increased the budget of the Public Information Office by more than P3.6 million. It will be recalled, Mr. Speaker, that in fiscal year 1965-1966, the last year of Macapagal administration, the budget of the Public Information Office was only P692,000. Today, from a half-million-peso office, the Public Information Office has grown to a nine-million-peso giant!

And if we examine the plantilla of the Public Information Office we will find that there are more than 400 positions provided for in this office. There are moviedirectors, photographers, TV operators, etc. . . . more than 400 positional! We are indeed surprised, Mr. Speaker, why we have to enlarge the propaganda machine of Malascaning, considering that our President has assured our students verbally that he is not running for a third term. What will be the purpose of enlarging the propaganda machine if it is true that our President is not running for a third term?

In comparison with the appropriation of the Public Information Office, Mr. Speaker, let us look into the appropriations of the different hospitals which are almost heroically serving our people in spite of their inadequate budgets. The Philippine General Hospital, Mr. Speaker, has an appropriation of only P9,951,316, which is about the same as the budget for the Public Information Office. Does this mean that the Public Information Office, the Malascaning propaganda machine, is an important as the Philippine Gen. Hospital?

The North General Hospital, now known as the Josefa Reyes Memorial Hospital, which is one of the most congested hospitals in the city, has a budget of only P4,458,525, or less than half of the budget of the Malascaning Press Office.

San Lazaro Hospital, which is a landmark in Philippine history, has a budget of only P5,199,660, or again, about one-half of the budget of the Public Information Office of Malascaning.

The National Orthopedic Hospital, a very important hospital, which is still unfinished up to the present because it has not been given sufficient funding, has a budget of only P4,953,350.

Mr. Speaker, I regret that this budget which we are enacting tonight is not a budget of fiscal restraint. It is the same budget that we have been enacting year in and year out and it has been the source of the mounting complaints of our people. It is a budget that is filled with useless appropriations and unnecessary expenditures which could be better used for such worthy projects as the Philippine General Hospital, San Lazaro Hospital, North Gen. Hospital, National Orthopedic Hospital & the National Mental Hospital, which has been criticized as a "snake pit".

For these reasons, Mr. Speaker, I am constrained to vote NO!

Thank you.
