MARSMAN GOLD OUTPUT CONTINUES UPWARD MOVE

Gold production for the month of October from the Marsman-managed mines was ₱1,742,572.38, another new high, as compared to ₱1,730,315.39 in September. Three of the mines established new individual high production records: United Paracale, Suyoc Consolidated and the Tuba Mine, each for the second consecutive month.

United Paracale produced ₱251,909.63 from the treatment of 9,980 tons of ore, a slight increase over September. Suyoc's output was ₱164,276.13, from 6,615 tons of ore milled, as compared to ₱159,067.54 from 6,531 tons in September. At the Tuba mine, the newest of the Marsman operations, ₱63,817.17 was produced from 1,777 tons of ore treated, an increase of around ₱13,000.

General operating conditions at all of the mines were good. There was no interference with normal routine at any of them.
