

THE COMEBACK

The comeback must be the right comeback.

Your printed product must be the no comeback kind—when the work is done and delivered there is no comeback except another job and a boost from you.

The right comeback is the comeback we try to get from you—the comeback of a customer thoroughly satisfied, of good opinion, of more orders.

The job that has no comeback but a comeback customer is the kind that builds our business.

Hammering away every minute to get the right comeback puts the quality in our work, puts the promptness in our service. It takes work and pep but it's worth it—it wins your good opinion, and that's the comeback we want.
