

A. I. M. E. MEETING

A meeting of the local section of the American Institute of Mining and Metallurgical Engineers will be held July 12th at the Bay View Hotel in Manila. This is the second meeting of the newly organized Philippine section of some 185 engineers in the Philippines. The meeting, at which dinner will be served, is for members and their guests only.

A highly informative paper will be presented at the meeting by Harry Barr, and D. L. Gardiner, general superintendent and geologist at San Mauricio, respectively, containing complete data on the San Mauricio Mining Company's property.

The paper will include a general outline of the history of the property, operating data, geological structure, and development at the property.

Close Human Relationships

—exist between this bank and the people of this Community.

THERE are no dividing lines between the interests and welfare of this bank and the interests and welfare of its neighbors, whether or not they are customers.

Our depositors who entrust their funds to our keeping represent a broad average of the men and women of the Community. Our borrowers are men and women engaged in active business enterprises which, we feel, entitle them to the use of the bank's credit resources created with the aid of our depositors' money.

This bank, as a center of the financial interests of these men and women, makes possible interchange of practical helpfulness.
