Making Eight

by Vicente S. Maqlalanq

We are eight jolly little men
Who come to teach you adding
again :

4 and 4 are 8 you see ,
And 8 you get with 5 and 3 ,
Add 6 and 2 and 8 comes up ,
As 8 makes 1 and 7 hop .

We are eight jolly little men
Who come to teach you adding
again .

$5 + 3 = 8$

$6 + 2 = 8$

$4 + 4 = 8$
