Lumber

By Pacifico de Ocampo Secretary-Treasurer

Philippine Lumber Producers' Association, Inc.

THE overall export of Philippine logs and lumber during November, amounting to 22,097,071 bd. ft., shows a decrease of 3,335,998 bd. ft. from the October export of 25,433,069 bd. ft. Exports to Japan decreased by 2,533,494 bd. ft., while exports to the United States and Canada decreased by 781,659 bd. ft.

Decline in the Japanese demand may be attributed in part to the effect of the poor quality of logs shipped to that country by unscrupulous exporters who are not producers. In some cases, misunderstanding as to Philippine and Japanese standards of quality has resulted in the stockpiling in Japan of undesirable species.

Lumber producers find it extremely difficult if not impossible to participate in SCAP bidding due to the short-time notice given the schedules. Participants in the bidding are often dealers who obtain their shipments from unreliable producers.

Figures released by the Bureau of Forestry as to the lumber and logs inspected for export abroad during Nov-

ember, 1931, follow.		Volume in	Board Feet
Shipper	Destination	Lumber	Logs
Agusan Timber Corporation	n Japan		986,000

of November, gradually receded during the month, closing at P140, P145, and P160-P165, respectively. This gradual price recession was partly attributed to lack of buying-support from dealers, who purchased only in limited quantities in order to fill immediate requirements with the approach of the inventory period, and to the intermittent presence of price-weakening factors, particularly, the inclement weather. However, the log-bid of the Japan Logistic Command of SCAP, offering to buy 441,000 bd. ft. of dungon, yakal, bitags, lamog, makaasim and/or saplungan logs, veneer or peeler log No. 2, and 1,900,000 bd. ft. of lumbayao, tangile, almon, bagtikan, and/or mayapis logs, veneer or peeler log No. 2, which was set on December 26, 1951, may boost local prices of lumber during the months to come.

Desiccated Coconut

By Howard R. Hick President and General Manager Peter Paul Philippine Corporation

THIS report covers the period from November 15 to Docember 15, during which the industry was working at approximately 55% capacity. The copra market was depressed and nuts were plentiful for desiccators and at almost the lowest prices for the year. Large inventories in the United States as well as the slow movement of the market contributed much to the dull production and little relief is in sight for the remainder of the year and possibly the first quarter of 1952.

The following are the shipments for the month of November, 1951:

Shippers	Pounds
ranklin Baker Company	3,277,000
lue Bar Coconut Company	1,198,560*

Salama Charles and all	
Peter Paul Philippine Corporation	1,059,100
Red V Coconut Products, Ltd	1,601,200
un Ripe Coconut Products, Inc.	864,000
standard Coconut Corporation	112,800
Cooperative Coconut Products, Inc	245,100
abacalera	_
Coconut Products (Phil.) Inc	_

Total. 8,357,760

"Zamboanga Factory Production 196,400 lbs.
Lussean 1,002,160

1,198,350 lbs.

Manila Hemp

By FRED GUETTINGER

Vice-President and General Manager Macleod and Company of Philippines

PRESSINGS in November declined to 58,696 bales and were 6,762 bales under the production of the previous month. Davao accounted for 36,666 bales, or approximately 63% of the total. The 1951 production up to the end of November amounted to 914,762 bales, as against 680,879 bales for the same period last year.

The following are the comparative figures for pressings for the first 11 months of 1947 through 1951:

	Balings	 January-November 			Inclusive		
	1951	1950	1949	1948	1947		
Davao	455,354	346,300	199,258	185,820	329,981		
Albay, Camarines							
and Sorsogon	221,184	154,009	102,952	151,750	222,630		
Leyte and Samar	149,951	111,567	94,475	100,108	94,037		
All other Non-							
Davao	88,273	69,003	66,529	102,902	84,853		
Total bales	914,762	680,879	463,214	540,580	731,501		

Exports in November amounted to 55,927 bales and were divided as follows:

Use
SHELL
PETROLEUM
Products
