## MAKING WORDS

By B. Hill Canova

How many words can you make by using only the letters found in the words, COMMON-WEALTH? You can use the word "moon" because there are two o's, but you cannot use the word "call" for there is only one l. More than three hundred fifty words can be made from "Commonwealth," but if you are in the third or fourth grade you will do well to make one hundred words. Try for yourself. Write your words in the columns below.
