MANUEL L. QUEZON

THE LATE PRESIDENT

MANUEL L. QUEZON

STILL SPEAKS . . .

It was in 1909, that the militant Manuel L. Quezon was chosen by the assembly as one of the two Resident Commissioners at Washinton. During the seven years Quezon held post, he waged a vigorous campaign to influence American opinion both in and out of Congress.

Congressman Jones of Virginia introduced in March, 1912, the first Philippine independence bill which bears his name. The bill provide for complete independence in eight years for the Philippines.

On March 24, 1934, the Tydings-McDuffie Act was approved giving the Philippines complete freedom after a short transition of 10 years. Quezon was sick in bed in Manila but he made speeches for its adoption. In 1935 the Commonwealth of the Philippines was established through the undying work of Manuel L. Quezon.

On July 4, 1946, the Independence of the Philippines was given with General Douglas MacArthur, a bosom friend, of Quezon, as guest speaker and Manuel A. Roxas, trained by Quezon for the work, succeeded him. Although the late Quezon is now resting in peace in the grave the work he has done for his country remains immortal. If he were still alive he would say — build up the Philippines to be a modern country in the world . . . make it a champion for freedom . . . make it the true light of a benighted Asia.

ROXAS TO REFUSE

FRANCO MEDAL

MANILA. — President Manuel A. Roxas said yesterday he intended to decline a decoration which he understood the Spanish government was offering him.

Roxas said he had no official knowledge of the decoration but had read news dispatches that Generalissimo Franco had signed degrees awarding him the Grand Cross of the Order of Carlos Tercero and awarding the Vice President Elpidio Quirino the Order of Grand Cross of Isabela Catolica.

MACARTHUR ASKED TO LOOK AT PHILIPPINE TROOPS MORALE

WASHINGTON, Oct. 23.—General Dwight Eisenhower, the army chief of staff today asked General Douglas MacArthur to investigate reports of disintegrating morale among United States troops in the Pacific area, particularly that of the Philippines.

The New Times especially expressed concern over the situation in the Philippines yesterday in an editorial commenting on a dispatch from its Manila correspondent.

The dispatch said troops in Manila have been characterized by the Filipino leaders as "brash, ill mannered, slovenly, contemptuous children." It said that the men have not been indoctrinated by their officers in pride in their units, themselves, the army or the United States.

DOG'S LIFE IN

MANILA IS GOOD

MANILA, P. I., Oct. 10.—The dogs at Malacanang Palace, official home of President Manuel Roxas, are the envy of every canine in the Philippines—and maybe of some humans in the United States.

The dogs—two Irish Setters and one Doberman Pinscher—purchased in the United States arrived in Manila recently. A Filipino veterinarian from the Bureau of Animal Husbandry was called to prescribe a proper diet.

Here it is:

Cooked chopped meat six times a week. Vegetables, fish and milk.

METHODIST BISHOP SAYS

CATHOLICS HAVE DECLARED

WAR ON RUSSIA

CLEVELAND, O., Oct. 28.—Bishop Bromley Oxnam of New York, president of the Federal Council of Churches of Christ in America, says "it would appear the Roman Catholic Church has declared war on Russia by announcing a world-wide war on communism."

Discussing the Protestant contribution to a World Peace, Bishop Oxnam, declared "Protestants are as fundamentally opposed to the philosophy of materialism on which communism is based and to its methods, particularly seen in dictatorship—and repression, as in the Roman Catholic Church.

"But we believe there is a way to face and to solve this difficult problem without resource to war."

**DR. JOSE LAUREL WINS
POPULARITY BY
OPPOSING AMERICANS**

MANILA, Oct. 10.—Jose P. Laurel, wartime Japanese puppet president, accused of being the arch traitor of the Philippines, is regaining public esteem by lambasting a proposal to give Americans equal rights in developing the island's natural resources.

Laurel is still on bail. On his three speeches he was cheered wildly for his militant stand against the so-called parity amendment to the new republic's constitution.

Today he appears to be an influential public figure. Minority congressmen opposing President Roxas backed amendment are even reported urging him to lead the fight against it before the March 11th plebiscite.

EDITORIAL

Every Filipino should be in Church on Sunday. There is room for all. Over 30 chairs are empty on Sunday morning at 10:00 o'clock. Many members of the church are not even attending. This is a good example of people that are lost. They are spiritually and morally lost. There is no remedy except a return to the Church.

The Church is the greatest and the purest institution in the world. It is an honor to belong to a Church. The Church may be very small, the members you can count on your fingers or you know exactly who will be present at the service, but if it is preaching the message of Christ—the message of salvation through Christ and preaches of an honorable life here on earth that is Church.

The Filipino churches here in California are poor and all on the upgrade struggle. It is hard to maintain. Only men with true Christian faith can make a go with it. Most of the men that are preaching are not paid. They are giving their time. They do not even pass a collection. They depend on God's grace for their living. They still live for they have Christ with them.

At 10 o'clock in the morning the classes begin in our Church at 1314 6th Street. We have classes for children and for grown people. Then at 11 o'clock we have the sermon and service. The minister will preach. Readers of this

Mrs. Roosevelt was presented to the New York Democratic Convention as the "First Lady of the World." In her address she said: "With all our hearts we must now contend with spiritual progress." TRUMAN SEES SPECIAL CONNOTATION IN PART OF LINCOLN ADDRESS

WASHINGTON, Oct. 30.—President Truman said "a special and solemn connotation in (present) world affairs" is in the closing resolve of Lincoln's Gettysburg address:

"That this nation, under God shall have a new birth of freedom, and that government of the people, by the people, for the people shall not perish from the earth."

In the proclamation dedicating Nov. 19th as the 83rd anniversary of the delivery of the address, Truman said, "those classic lines are enshrined forever in the hearts of Americans."

U. S. ARMY IN PHILIPPINES ORDERED TO ALERT ITS LEADERSHIP

MANILA, Oct. 26.—Maj. Gen. G. J. Christiansen, Western Pacific Commander, today urged his officers to show the utmost possible leadership of U. S. Army troops in the Philippines.

General Christiansen issued a memorandum to all commanders down to the rank of captain directing their best efforts in handling the influx of recruits.

"This situation should challenge you to exercise every ounce of leadership you have," he said.

"We have three major jobs in the Philippines," General Christenson said.

"First, we must have an Army which conducts itself in such manner that the Filipino people will continue to welcome us as guests in their land. This implies that our soldiers be disciplined, courteous, respectful to authority and other people's rights, properly dressed and properly behaved.

"Second, we must retrain our Army. Since our non-coms are young and inexperienced and our replacements untrained, it is obvious that officers must supply the experience necessary to make this new Army.

"Third, we must perform our current mission—a task which cannot be neglected."
