

FOR THIRD GRADERS

## Sing a Song of Workshops

By FREDERICK MANLEY

SING a song of workshops. Busy men  
and things:

Blacksmiths at the forges where the  
anvil rings,

Ploughmen in the meadows furrowing  
the soil,

Nature and her showers blessing all  
their toil.

Sing a song of workshops. Busy men  
and boys;

Daily honest labor brings to us its  
joys.
