K & M ASBESTOS PAPER & MILLBOARD

K&M Asbestos Paper is characterized by its smooth finish, strength and uniformly white color. The reason for the high quality of K&M Paper is the fact that it is composed of pure Canadian asbestos fibre mixed with a small quantity of binding material. K&M Asbestos Paper is furnished in several grades which are suited for a variety of heat insulating purposes.

K&M Millboard is an asbestos board used as a fireproof liner for ceilings, floors, partitions, furnaces. It can also be cut into gaskets or discs.

Close Human Relationships

—exist between this bank and the people of this Community.

THERE are no dividing lines between the interests and welfare of this bank and the interests and welfare of its neighbors, whether or not they are customers.

Our depositors who entrust their funds to our keeping represent a broad average of the men and women of the Community. Our borrowers are men and women engaged in active business enterprises which, we feel, entitle them to the use of the bank's credit resources created with the aid of our depositors' money.

This bank, as a center of the financial interests of these men and women, makes possible interchange of practical helpfulness.
