

SUYOC EMPLOYEES START INTERESTING PUBLICATION

An interesting development among the employees at Suyoc Consolidated Mining Co. has been the inauguration of a fortnightly publication called the "Suyoc Miners' Bulletin". This publication, which is mimeographed, is the official organ of the Suyoc Club, a community organization which has been functioning efficiently for some time. The first issue of the "Suyoc Miners' Bulletin" appeared on May 8th, and consisted of fifteen pages. On the cover was a drawing of a miner at work in a drift. Included in the publication are various articles by staff members and employees, a considerable amount of news from the camp, of sport activities, of the safety campaign and of general social events. Part of the publication is in Tagalog. The various merchants and professionals in the Suyoc camp are supporting the Bulletin with advertising. All in all the

new publication is very interesting and will give the employees in other mining camps in the Philippines a target to shoot at. The "Suyoc Miners' Bulletin" is edited by C. B. Tibay, Business Manager is M. G. Narcelles. The rest of the staff consists of:

Assistant Editor—F. R. Estepa
